Block peat under continuous observation, at least 4 times/year.

Checking:

- Salmonella
- Nematodes
- Heavy metals
- Pathogens etc.

MCP Iron contains:

RHP and SUS/SPF certified block of sphagnum peat, FamiQs certified MCP Zeolite with natural minerals, organic divalent iron 2.000 g/m³

The daily requirement of iron

MCP Iron provides the daily requirement of iron. The iron has many functions, it will get better blood counts and strengthens the immune system.

Dosage	Liter / batch
Day	
3-10	0,5-1
11-weaning	1,5-3

The dosage adjusted according to litter size and measured Hb values. Also ideal as a supplement to iron syringe

Sprinkle MCP on a clean dry floor, sprinkle on top of the liner.

Shipping Option

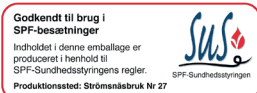

50 L bag (51 bags / pallet)

After MCP Iron, MCP Weaning is given.

MCP Zeolite

A pure natural product that stabilizes the good digestive bacteria, prevents diarrhea, and increases uptake of proteins.

MCP Zeolite is highly ion binding, absorbs toxins and buffering iron, which is a great benefit even at injecting of iron. Several studies show that MCP Zeolite keep pigs healthier and make them grow faster.

The peat is approved both by RHP & SUS/SPF!
